4-G APPROVAL OF FINANCIAL REPORTS
All voted “aye”. Motion carried.

5. ANNOUNCEMENTS AND COMMUNICATIONS
This time is reserved for patrons and Board members to speak to items not on the agenda and to request to speak to any items on the current agenda. No patrons approached the Board.

Sturtz read a statement on behalf of Christensen stating the Wrestling documentary was inspiring, well done and informative. Jensen and Sturtz shared that Rusty Horn is planning a youth soccer complex on land he owns. This would be a win-win for everyone involved. Henderson thanked all those involved with the football complex clean up and Sturtz also thanked the West Parent Advisory Group and all volunteers and staff that assisted with the realignment.

Members of Absolutely Indee spoke to the board about their new initiative, what they are doing and what they are hoping to accomplish. The Independence PTO informed the board of the upcoming activities they are planning on doing over the course of the school year. Sandy Merritt addressed the board regarding the AYP and APR.

6. REPORTS
Building Administrators, Activities Director, School Improvement/Curriculum Director, Technology Director, Food Service Director, and Transportation/Buildings and Grounds Director reported on their respective buildings or areas of assignment.

7. OLD BUSINESS

A. One Cent Sales Tax Extension/Facilities Plan Presentation
Matt Gillaspie from Piper Jaffray presented financial information to the Board and the public regarding the SILO vote and what can and can’t be done depending on whether the vote passes or not. The board will use this information to help explain the Revenue Purpose Statement vote.

B. P4P and One Cent Sales Tax Extensions
P4P board members presented the committees that are needed to be formed: Marketing, Fundraising, Letters to the Editor, Community, Absentee Ballot and “Get Out to Vote” are the committees that will be forming. Board members will have the opportunity to participate on a committee as an individual. P4P members encourage others to step forward if they are interested in volunteering.

C. Safe Room/FEMA Grant/Hazard Mitigation
Charlie updated the board on where things stood regarding the Hazard Mitigation process. The school needs to hold a public hearing on the plans and then adopt them to submit as part of an application. This process will make us eligible for safe room grants. Application deadline is November 1, 2010.
8. NEW BUSINESS

A. Communication
The Board is searching for ideas to increase communication between schools and the public. Jensen will contact AEA to see about having someone come to a meeting to explain our options regarding having our meetings “go live”.

B. Contracted Services Agreement with Tri-County
Motion Jensen, second McCardle to approve the Contracted Services Agreement with Tri-County Child & Family Development Council, Inc. All voted “aye”. Motion carried.

C. 28E Agreement with Hawkeye Community College
Motion McCardle, second Henderson to approve the 28E agreement with Hawkeye Community College to continue the Project Lead the Way programming partnership for the 2010-2011 school year. All voted “aye”. Motion carried.

D. Fund Raising Requests
Motion Jensen, second McCardle to approve the following fund raising requests.

BOARD OF DIRECTORS' CONFLICT OF INTEREST

Board members must be able to make decisions objectively. It is a conflict of interest for a board member to receive direct compensation from the school district, unless exempted in this policy, for anything other than reimbursement of actual and necessary expenses, including travel, incurred in the performance of official duties. A board member will not act as an agent for a school textbook or school supply company doing business with the school district during the board member’s term of office. It will not be a conflict of interest for board members to receive compensation from the school district for contracts to purchase goods or services if the benefit to the board member does not exceed $2,500 in a fiscal year or if the contracts are made by the board, upon competitive bid in writing, publicly invited and opened.

The conflict of interest provisions do not apply to a contract that is a bond, note or other obligation of a school corporation if the contract is not acquired directly from the school corporation, but is acquired in a transaction with a third party, who may or may not be the original underwriter, purchaser, or obligee of the contract, or to a contract in which a director has an interest solely by reason of employment if the contract was made by competitive bid, in writing, publicly invited and opened, or if the remuneration for employment will not be directly affected as a result of the contract and duties of employment do not involve any of the preparation or procurement of any part of the contract. The competitive bid section of the conflict of interest provision does not apply to a contract for professional services not customarily competitively bid.

It will also be a conflict of interest for a board member to engage in any outside employment or activity which is in conflict with the board member's official duties and responsibilities. In determining whether outside employment or activity of a board member creates a conflict of interest, situations in which an unacceptable conflict of interest is deemed to exist includes, but are not limited to, any of the following:

(1) The outside employment or activity involves the use of the school district's time, facilities, equipment and supplies or the use of the school district badge, uniform, business card or other evidence of office to give the board member or member of the board member's immediate family an advantage or pecuniary benefit that is not available to other similarly situated members or classes of members of the general public. For purposes of this section, a person is not "similarly situated" merely by being related to a board member.

(2) The outside employment or activity involves the receipt of, promise of, or acceptance of more or other consideration by the board member or a member of the board member's immediate family from anyone other than the state or the school district for the performance of any act that the board member would be required or expected to perform as part of the board member's regular duties or during the hours in which the board member performs service or work for the school district.

(3) The outside employment or activity is subject to the official control, inspection, review, audit, or enforcement authority of the board member, during the performance of the board member's duties of office or employment.
BOARD OF DIRECTORS' CONFLICT OF INTEREST

If the outside employment or activity is employment or activity in (1) or (2) above, the board member must cease the employment or activity. If the activity or employment falls under (3), then the board member must:

✓ Cease the outside employment or activity; or

- Publicly disclose the existence of the conflict and refrain from taking any official action or performing any official duty that would detrimentally affect or create a benefit for the outside employment or activity. Official action or official duty includes, but is not limited to, participating in any vote, taking affirmative action to influence any vote, or providing any other official service or thing that is not available generally to members of the public in order to further the interests of the outside employment or activity.

It is the responsibility of each board member to be aware of an actual or potential conflict of interest. It is also the responsibility of each board member to take the action necessary to eliminate such a conflict of interest. Should a conflict of interest arise, a board member should not participate in any action relating to the issue from which the conflict arose.

INDEPENDENCE COMMUNITY SCHOOL DISTRICT POLICY MANUAL
CODE OF ETHICS

Board members' actions, verbal and nonverbal, reflect the attitude and the beliefs of the school district. Therefore, board members must conduct themselves professionally and in a manner fitting to their position.

Each board member shall follow the code of ethics stated in this policy.

AS A SCHOOL BOARD MEMBER:

1. I will listen.

2. I will respect the opinion of others.

3. I will recognize the integrity of my predecessors and associates and the merit of their work.

4. I will be motivated only by an earnest desire to serve my school district and the children of my school district community in the best possible way.

5. I will not use the school district or any part of the school district program for my own personal advantage or for the advantage of my friends or supporters.

6. I will vote for a closed session of the board if the situation requires it, but I will consider "star chamber" or "secret" sessions of board members unethical.

7. I will recognize that to promise in advance of a meeting how I will vote on any proposition which is to be considered is to close my mind and agree not to think through other facts and points of view which may be presented in the meeting.

8. I will expect, in board meetings, to spend more time on education programs and procedures than on business details.

9. I will recognize that authority rests with the board in legal session and not with individual members of the board, except as authorized by law.

10. I will make no disparaging remarks, in or out of the board meeting, about other members of the board or their opinions.

11. I will express my honest and most thoughtful opinions frankly in board meetings in an effort to have decisions made for the best interests of the children and the education program.

12. I will insist that the members of the board participate fully in board action and recommend that when special committees are appointed, they serve only in an investigative and advisory capacity.

Approved 11/1/2004  Reviewed 9/19/2005  Revised _________
CODE OF ETHICS

13. I will abide by majority decisions of the board.

14. I will carefully consider petitions, resolutions and complaints and will act in the best interests of the school district.

15. I will not discuss the confidential business of the board in my home, on the street or in my office; the place for such discussion is the board meeting.

16. I will endeavor to keep informed on local, state and national educational developments of significance so I may become a better board member.

IN MEETING MY RESPONSIBILITY TO MY SCHOOL DISTRICT COMMUNITY

1. I will consider myself a trustee of public education and will do my best to protect it, conserve it, and advance it, giving to the children of my school district community the educational facilities that are as complete and adequate as it is possible to provide.

2. I will consider it an important responsibility of the board to interpret the aims, methods and attitudes of the school district to the community.

3. I will earnestly try to interpret the needs and attitudes of the school district community and do my best to translate them into the education program of the school district.

4. I will attempt to procure adequate financial support for the school district.

5. I will represent the entire school district rather than individual electors, patrons or groups.

6. I will not regard the school district facilities as my own private property but as the property of the people.

IN MY RELATIONSHIP WITH SUPERINTENDENT AND EMPLOYEES

1. I will function, in meeting the legal responsibility that is mine, as a part of a legislative, policy-forming body, not as an administrative officer.

2. I will recognize that it is my responsibility, together with that of my fellow board members, to see the school district is properly run and not to run them myself.

3. I will expect the school district to be administered by the best-trained technical and professional people it is possible to procure within the financial resources of the school district.

4. I will recognize the superintendent as executive officer of the board.

5. I will work through the administrative employees of the board, not over or around them.
CODE OF ETHICS

6. I will expect the superintendent to keep the board adequately informed through oral and written reports.

7. I will vote to employ employees only after the recommendation of the superintendent has been received.

8. I will insist that contracts be equally binding on teachers and the board.

9. I will give the superintendent power commensurate with the superintendent's responsibility and will not in any way interfere with, or seek to undermine, the superintendent's authority.

10. I will give the superintendent friendly counsel and advice.

11. I will present any personal criticism of employees to the superintendent.

12. I will refer complaints to the proper administrative officer.

TO COOPERATE WITH OTHER SCHOOL BOARDS

1. I will not employ a superintendent, principal or teacher who is already under contract with another school district without first securing assurance from the proper authority that the person can be released from contract.

2. I will consider it unethical to pursue any procedure calculated to embarrass a neighboring board or its representatives.

3. I will not recommend an employee for a position in another school district unless I would employ the employee under similar circumstances.

4. I will answer all inquiries about the standing and ability of an employee to the best of my knowledge and judgment, with complete frankness.

5. I will associate myself with board members of other school districts for the purpose of discussing school district issues and cooperating in the improvement of the education program.

BOARD SECURITY AND PROTECTION

Public bodies must feel free to meet in the public setting as required by law without concern of risk of personal injury. The board shall take whatever action is necessary to maintain an orderly board meeting, free from interference or interruption by spectators, and to keep the board members safe while complying with the open meetings law.

Individuals who threaten the board with violence or who are continuously disruptive may be asked to leave the meeting. If the individuals do not leave, the board may have law enforcement officials escort the individuals from the board meeting. The board may hire a security officer if the board members' concern for safety or actions by spectators warrants it.

BOARD MEMBER LIABILITY

Board members shall not be held personally liable for actions taken in the performance of their duties and responsibilities vested in them by the laws of Iowa and the members of the school district community. In carrying out the duties and responsibilities of their office, board members shall act in good faith.

The school district shall defend, save harmless and indemnify board members against tort claims or demands, whether groundless or otherwise, arising out of an alleged act or omission occurring within the scope of their official duties, unless it constitutes a willful or wanton act or omission. However, the school district shall not save harmless or indemnify board members for punitive damages.

SECRETARY-TREASURER

A secretary-treasurer may be appointed from employees, other than a position requiring a teaching certificate, or from the public. To finalize the appointment, the board secretary-treasurer will take the oath of office during the meeting at which the individual was appointed or no later than ten days thereafter. It is the responsibility of the superintendent to evaluate the secretary-treasurer annually.

It is the responsibility of the secretary-treasurer, as custodian of school district records, to preserve and maintain the records and documents pertaining to the business of the board; to keep complete minutes of special and regular board meetings, including closed sessions; to keep a record of the results of regular and special elections; to keep an accurate account of school funds; to sign warrants drawn on the school funds after board approval; and collect data on truant students. The secretary-treasurer will also be responsible for filing the required reports with the Iowa Department of Education.

In the event the secretary-treasurer is unable to fulfill the responsibilities set out by the board and the law, the superintendent secretary or payroll clerk will assume those duties until the secretary-treasurer is able to resume the responsibility or a new secretary-treasurer is appointed. The secretary-treasurer will give bond in an amount set by the board. The cost of the bond will be paid by the school district.

BOARD OF DIRECTORS’ LEGAL COUNSEL.

It shall be the responsibility of the board to employ legal counsel to assist the board and the administration in carrying out their duties with respect to the numerous legal issues confronting the school district.

The superintendent and board secretary shall have the authority to contact the board’s legal counsel on behalf of the board when the superintendent or board secretary believe it is necessary for the management of the school district. The board president may contact and seek advice from the school board’s legal counsel. The board’s legal counsel shall attend both regular and special school board meetings upon the request of the board or the superintendent. Board members may contact legal counsel upon approval of a majority of the board. It shall be the responsibility of each board member to pay the legal fees, if any, of an attorney the board member consulted regarding matters of the school district unless the board has authorized the board member to consult an attorney on the matter.

It shall be the responsibility of the superintendent to keep the board informed of matters for which legal counsel was consulted, particularly if the legal services will involve unusual expense for the school district.

BOARD OF DIRECTORS' SELF-EVALUATION

Annually, the board shall conduct an evaluation of itself. The goal of the self-evaluation is not to criticize fellow board members but rather to point out strengths as well as weaknesses of the board.

The evaluation will focus on board policies, board meetings, education program, financial management, board members' personal qualities, and the board's relationship with the superintendent, employees, school district community, and students.

It shall be the responsibility of the board president to develop a board evaluation program. The board may employ an outside facilitator if the board determines the facilitator is necessary.

AD HOC COMMITTEES

Whenever the board deems it necessary, the board may appoint a committee composed of citizens, employees or students to assist the board. Committees formed by the board shall be ad hoc committees.

An ad hoc committee is formed by board resolution which shall outline the duties and purpose of the committee. The committee is advisory in nature and has no duty or responsibility other than that specifically stated in the board resolution. The committee shall automatically dissolve upon the delivery of its final recommendation to the board or upon completion of the duties outlined in the board resolution. The board will receive the report of the committee for consideration. The board retains the authority to make a final decision on the issue. The committee will be subject to the open meetings law if the committee is established by statute or if the committee makes policy recommendations and is established by or approved by the board.

The method for selection of committee members shall be stated in the board resolution. When possible, and when the necessary expertise required allows, the committee members will be representative of the school district community and shall consider the various viewpoints on the issue. The board may designate a board member and the superintendent to serve on an ad hoc committee. The committee will select its own chairperson, unless the board designates otherwise.

AD HOC COMMITTEES EXHIBIT

Ad Hoc Committee Purpose and Function

The specific purpose of each ad hoc committee varies. Generally, the primary function of an ad hoc committee is to give specific advice and suggestions. The advice and suggestions should focus on the purpose and duties stated in the board resolution establishing the committee. It is the board's role to take action based on information received from the ad hoc committee and other sources. Ad hoc committees may be subject to the open meetings law.

Role of an Ad Hoc Committee Member

The primary role of an ad hoc committee member is to be a productive, positive member of the committee. In doing so, it is important to listen to and respect the opinions of others. When the ad hoc committee makes a recommendation to the board, it is important for the ad hoc committee members to support the majority decision of the ad hoc committee. An ad hoc committee will function best when its members work within the committee framework and bring items of business to the ad hoc committee.

Ad Hoc Committee Membership

Ad hoc committee members may be appointed by the board. The board may request input from individuals or organizations, or it may seek volunteers to serve. Only the board or superintendent has the authority to appoint members to an ad hoc committee. Boards must follow the legal limitations or requirements regarding the membership of an ad hoc committee.
STUDENT FUND RAISING

Students may raise funds for school-sponsored events with the permission of the principal. Fund-raising by students for events other than school-sponsored events must be approved by the principal. Collection boxes for school fund-raising must have prior approval from the principal before being placed on school property. by having the coach/sponsor fill out the appropriate fund-raising form for permission. This form must be approved by the Activities Director, Building Principal, and Director of Finance before presentation to the Board of Education for final approval. No fund raisers will be held without prior approval from the Board of Education. If this policy is not followed as written, the disciplinary steps will be:

1st Offense – Letter of reprimand to be placed in personnel file signed by Activities Director and Staff Member

2nd Offense – One half of money raised will be placed in general activity fund

3rd Offense – All money raised will be placed in general activity fund

Requests are due for the board agenda the Monday prior to the regular monthly board meeting.

It shall be the responsibility of the superintendent, in conjunction with the principal Activities Director and Director of Finance, to develop administrative regulations regarding this policy.

INDEPENDENCE COMMUNITY SCHOOL DISTRICT POLICY MANUAL
INDEPENDENCE COMMUNITY SCHOOLS WELLNESS POLICY

The board promotes healthy students by supporting wellness, good nutrition and regular physical activity as a part of the total learning environment. The school district supports a healthy environment where students learn and participate in positive dietary and lifestyle practices. By facilitating learning through the support and promotion of good nutrition and physical activity, schools contribute to the basic health status of students. Improved health optimizes student performance potential.

The school district provides a comprehensive learning environment for developing and practicing lifelong wellness behaviors. The entire school environment, not just the classroom, shall be aligned with healthy school district goals to positively influence a student's understanding, beliefs and habits as they relate to good nutrition and regular physical activity.

The school district supports and promotes proper dietary habits contributing to students' health status and academic performance. All foods available on school grounds and at school-sponsored activities during the instructional day should meet or exceed the school district nutrition standards and be in compliance with state and federal law. Foods should be served with consideration toward nutritional integrity, variety, appeal, taste, safety and packaging to ensure high-quality meals.

The school district has developed a local wellness policy committee comprised of representatives of the board, parents, leaders in food/exercise authority and employees. The local wellness policy committee will develop a plan to implement and measure the local wellness policy and monitor the effectiveness of the policy. The committee will designate an individual to evaluate the implementation of the policy. The committee will report annually to the board regarding the effectiveness of this policy.

The following guidelines apply during the school day which is considered to be during the hours of 8:00 a.m. - 3:15 p.m. and applies to all school campus buildings and facilities with the objective of promoting student health and reducing childhood obesity. The wellness policy is broken down into 5 areas:

1. Goals for nutrition education, physical activity, and other school-based activities that are designated to promote student wellness in a manner that the local education agency determines to be appropriate.
2. Includes nutritional guidelines selected by the local educational agency for all foods available on each school campus under the local educational agency during the school day with the objectives of promoting student health and reducing childhood obesity.
3. Provide assurance that guidelines for reimbursable meals shall not be less restrictive than regulations and guidance issued by the Secretary of Agriculture.
4. Establish a plan for measuring implementation of the local wellness policy, including one or more persons charged with operational responsibility for ensuring that the school meets the local wellness policy.
5. Involve parents, students, representatives of the school food authority, the school board and the public in the development of the school wellness policy.

NUTRITION EDUCATION AND PROMOTION

A. Instructional Program Design
   a. Nutrition education topics shall be integrated within the sequential, district-aligned comprehensive
      education program taught pre-kindergarten through twelfth grades.
   b. The nutrition education program shall focus on student’s ability to maintain and promote all aspects
      of personal wellness. The personal wellness behaviors education program will be based on theories
      and methods proven effective by published research, and be consistent with the district’s health
      education Grade Level Expectations and Components.
   c. Personal wellness education shall be designed to help students learn:
      i. Concepts regarding injury and disease prevention, disease control and safety.
      ii. Essential concepts regarding nutrition and diet.
      iii. Awareness of environmental and external factors that affect individual, family and
           community health.
      iv. Awareness of the availability of effective use of health services, products and information.
      v. Awareness and knowledge of the fundamental concepts of growth and development
   d. The minimum requirements suggested are:
      i. At least 5 hours of classroom nutrition education are provided each year for all students.
         Instruction to be administered by a highly qualified certified teacher or health care provider.
      ii. Nutrition education instruction should involve as many hands on activities as possible
          engaging students in enjoyable, developmentally appropriate, culturally relevant,
          participatory activities.
      iii. Each year, some individual classrooms participate in one or more events that are either
           centered on nutrition or conclude nutrition as a main component.
      iv. Families are provided with information that encourages them to teach their children about
          health and nutrition and to provide nutritious meals for their families.
      v. Nutrition education at the High School will be integrated in the following curricular areas:
         Family and Consumer Sciences, Health, Social Studies and Science.
   e. As part of the on-going curriculum revision cycle in the Independence Community School District,
      nutrition and wellness education is integrated into areas where large populations of students will
      benefit.

B. Staff Qualifications
   a. Staff responsible for nutrition education shall be highly qualified as per the State of Iowa Teacher
      Quality Act. They will participate in professional development activities allowing them to
      effectively deliver an education program. Preparation and professional development activities shall
      provide basic knowledge of nutrition, combined with skill practice in program specific activities
      and instructional techniques and strategies designed to promote personal wellness.
   b. School staff is encouraged to model healthy eating behaviors.

C. Educational Reinforcement
   a. School guidance and/or nursing staff shall collaborate with agencies and groups conducting
      nutrition education in the community to send consistent messages to students and their families.
      Guest speakers invited to address students shall receive appropriate orientation to the relevant
      policies of the school district.
INDEPENDENCE COMMUNITY SCHOOLS WELLNESS POLICY

b. School instructional staff shall be closely coordinated with the food service program and other components of the school health program. Classroom teachers will be given alternative choices they may consider to use as snacks or rewards in order to encourage healthy eating habits in the classroom.

PHYSICAL EDUCATION

A. Instructional Program Design
   a. Physical education topics shall be integrated within the sequential, district aligned comprehensive physical education program taught at every grade level, pre-kindergarten through twelfth grade.
   b. The physical education program shall focus on student’s ability to maintain and promote all aspects of a physically active lifestyle. The physical education program will be based on theories and methods proven effective by published research National Education Standards and be consistent with the district’s Physical Education Grade Level Expectations and Components.
   c. Physical education shall be designed to help students:
      i. Achieve and maintain a health enhancing level of physical fitness.
      ii. Demonstrate competency in many movement forms and proficiency in a few movement forms.
      iii. Apply movement concepts and principles to the learning and development of motor skills.
      iv. Demonstrate responsible personal and social behavior in physical activity settings.
      v. Understand that physical activity provides opportunities for enjoyment, challenge, self expression and social interaction.
      vi. Demonstrate understanding and respect for differences among people in physical activity settings.
   d. The minimum requirements for physical education suggested are:
      i. All students K-12, including students with disabilities, special health care needs and in alternate educational setting have the opportunity to participate in moderate to vigorous physical activity on a regularly scheduled basis each school week during the entire school year within the confines of the building schedules.
      ii. Students will receive physical education during each week of school for the specified amount of time:
         1. East Elementary students will receive 30 minutes of physical education instruction every other day of the rotating building schedule throughout the school year.
         2. West Elementary students will receive 80 minutes of physical education every sixth day of the rotating building schedule throughout the school year.
         3. Middle Jr. High School students will receive between 45-50 minutes of physical education every other day during the building schedule throughout the school year.
         4. Sr. High School students will receive between 30-75 minutes of physical education instruction throughout the school year-a minimum of 25% and a maximum of 50% of the school year. (One 9-week term is required or two 9-week terms are available if physical education is chosen as an elective course in the block schedule.) A waiver may be granted to Junior or Senior student at the High School who carry a full academic load (students who have all four blocks filled with academic courses). In these cases, students are exempt from taking the required one nine week Physical Education course during the school year.
INDEPENDENCE COMMUNITY SCHOOLS WELLNESS POLICY

iii. Classroom physical education reinforces the knowledge and self-management skills needed to maintain a physically active lifestyle and to reduce time spent on secondary activities, such as watching television.
iv. Adequate age appropriate equipment is available for all students to participate in physical activity.
v. Physical activity facilities on school grounds are safe.
c. Physical Activity
   i. Moderate to vigorous physical activity is encouraged verbally and through the provision of adequate space and age appropriate equipment.
   ii. Elementary school students have at least 45 minutes a day of supervised recess, preferably outdoors.
   iii. Information is provided to help families incorporate physical activity into the lives of all household members.

B. Staff Qualifications
   a. Staff responsible for physical education shall be highly qualified as per the State of Iowa Teacher Quality Act. They will participate in professional development activities allowing them to effectively deliver a physical education program. Preparation and professional development activities shall provide basic knowledge of physical fitness, combined with skill practice in program-specific activities and instructional techniques and strategies designed to promote physical fitness.
   b. School staff is encouraged to model a physically active lifestyle.

C. Education Reinforcement
   a. School instructional staff shall collaborate with agencies and groups conducting physical education in the community to send consistent messages to students and their families. Guest speakers invited to address students shall receive appropriate orientation to the relevant policies of the school district.
   b. School personnel shall not use physical activity (e.g. running laps, push-ups, etc) as a punishment for students when participating in required classroom/physical activities.

PHYSICAL ACTIVITY
A. Daily Physical Education
   a. The school district will provide physical education that:
      i. is daily (The Centers for Disease Control and Prevention recommends at least 150 minutes a week for elementary students and 225 minutes a week for middle and high school students);
      ii. is for all students in grades K-12 for the entire school year;
      iii. is taught by a certified physical education teacher;
      iv. includes students with disabilities, students with special health-care needs may be provided in alternative educational settings; and,
      v. engages students in moderate to vigorous activity during at least 50 percent of physical education class time.

(The Centers for Disease Control and Prevention recommends at least 150 minutes a week for elementary students and 225 minutes a week for middle and high school students.)
INDEPENDENCE COMMUNITY SCHOOLS WELLNESS POLICY

B. Daily Recess
   a. Elementary schools should provide recess for students that:
      i. is at least 20 minutes a day;
      ii. is preferably outdoors;
      iii. encourages moderate to vigorous physical activity verbally and through the provision of space and equipment; and,
      iv. discourages extended periods (i.e., periods of two or more hours) of inactivity.
   b. When activities, such as mandatory school-wide testing, make it necessary for students to remain indoors for long periods of time, schools should give students periodic breaks during which they are encouraged to stand and be moderately active.

C. Physical Activity and Punishment
   a. Employees should not use physical activity (e.g., running laps, pushups) or withhold opportunities for physical activity (e.g., recess, physical education) as punishment.

FAMILY & CONSUMER SCIENCE, HEALTH, SCIENCE, SOCIAL STUDIES AND GUIDANCE

A. Instructional Program Design
   a. Grade level expectations and components will be consistent with and integrate the curricular areas of Family & Consumer Science, Health, Science, Social Studies and Guidance.
   b. Family & Consumer Science, Health, Science, Social Studies and Guidance topics shall be integrated within the sequential, district aligned comprehensive education programs taught at every grade level, pre-kindergarten through twelfth grade, and aligned with the wellness standards and guidelines established.
   c. The Family & Consumer Science, Health, Science, Social Studies and Guidance programs shall focus on student’s ability to maintain and promote aspects of personal wellness. These programs will be consistent with the district’s grade level expectations and components.
   d. Family & Consumer Science, Health, Science, Social Studies and Guidance curriculums shall be designed to help students:
      i. Recognize, understand and plan for the responsibility of parenting; physically, emotionally and financially. Understand and recognize the importance of food and nutrition in the development of a healthy person.
      ii. Learn how to plan nutritionally adequate meals. Realize the role of family relationships on the development of personal wellness of an individual.
      iii. Realize, recognize and analyze the complexity of marriage and family relationships.
      iv. Identify and take part in activities that promote the understanding of self.
      v. Understand the systems of the body as well as functions of reproduction and development.
      vi. Understand and exhibit procedures regarding safe behavior.
      vii. Utilize the skills in the area of human awareness to become better communicators and better listeners.
      viii. Identify and understand sexually transmitted disease causes and preventions.
      ix. Be aware of basic emotion needs of an emotionally healthy person and learn methods of coping with problems.
INDEPENDENCE COMMUNITY SCHOOLS WELLNESS POLICY

x. Understand the social problem of substance abuse; its effects and implications to individuals and society.

xi. Assess one’s personal eating habits, set goals for improving personal wellness and achieve those goals.

B. Staff Qualifications
   a. Staff responsible for Family & Consumer Science, Health, Science, Social Studies and Guidance shall be encouraged to participate in professional development activities allowing them to effectively deliver an education program. Preparation and professional development activities shall provide basic knowledge in their content area, combined with skill practice in program-specific activities and instructional techniques and strategies designed to promote health and wellness.

C. Education Reinforcement
   a. School instructional staff shall collaborate with agencies and groups conducting wellness education in the community to send consistent messages to students and their families. Guest speakers invited to address students shall receive appropriate orientation to the relevant policies of the school district.

COMMUNICATION WITH PARENTS
The school district will support parent’s efforts to provide a healthy diet and daily physical activity for their children. The school district will share information when possible regarding topics such as, tips to pack a healthy lunch, classroom snack ideas and nutrition information that may include tips for physical fitness, as they are available.

NUTRITION GUIDELINES FOR ALL FOODS AVAILABLE ON CAMPUS

A. School Meals
   a. Meals will be appealing and attractive to children.
   b. Meals will be served in clean and pleasant surroundings.
   c. Meet, at a minimum, nutritional requirements established by local, state and federal laws.
   d. Meals will offer a variety of fruits and vegetables daily, including fresh items when available.
   e. Meals will include a variety of milk to encourage consumption among students.
   f. Meals will, when possible, add whole grain items to the menu.
   g. Nutritional content will be placed on menus as a reference for students/parents.

B. Breakfast
   a. All buildings will participate in the breakfast program.
   b. Students will be encouraged to eat breakfast either at home or school.
   c. We will notify parents of the availability of the breakfast program twice a year at all elementary buildings.
INDEPENDENCE COMMUNITY SCHOOLS WELLNESS POLICY

Foods sold outside the meal (e.g. vending, a la carte, sales.)
Foods sold in elementary schools should be sold as balanced meals, given young children’s limited nutrition skills. Foods and beverages sold individually should be limited to fruits, veggies or 100% juices. This applies to any a la carte sales as well as student-run organizations within the elementary school buildings.

Individual items sold during the school day at all campus buildings must meet the following requirements:
A. Beverages sold on a la carte must be in no more than 12oz containers with the exception of bottled water.
B. Dessert items will not be sold as seconds.
C. Pop/soda will be available for sale only in staff lounges away from students. Staff choosing to consume pop/soda during class time must do so in a concealed container as to not promote consumption to students. Pop/soda may not be sold at any campus buildings or facilities with the exception of allowing selling at concession stands outside school hours.
D. Prepackaged items will be limited to items with no more than 7 grams of fat per serving.
E. Baked chips only.
F. Fresh fruit and veggies offered daily.
G. Juices must be 100% juice.
H. Milk must be offered on a la carte.
I. Vending machines will be limited to offering only waters and 100% juices.

All foods and beverages sold individually outside the reimbursable meal programs (including those sold through a la carte lines, vending machines, student stores or fundraising activities) during the school day, or through programs for students after the school day will meet nutrition standards as required by state or federal law.

Celebrations
Schools should evaluate their celebrations practices that involve food during the school day. The school district will disseminate a list of healthy party ideas to parents and teachers.

Snacks
Snacks served during the school day in the classroom are to include healthy choices from the parent list sent home. Schools will assess when to offer snacks based on timing of meals, children’s nutritional needs, children’s ages, etc.
If eligible, schools that provide snacks through after school programs will pursue receiving reimbursements through the National School Lunch Program.

Rewards
Foods given as rewards for academic performance or good behavior shall be healthy. Staff may not withhold food or beverages (including food served through meals) as a punishment. Foods may be used a catalyst for communication with special needs students.

Sharing of Foods
Schools should discourage students from sharing their foods and beverages with one another during meal or snack times, given concerns about allergies and other restrictions on some children’s diets.

INDEPENDENCE COMMUNITY SCHOOL DISTRICT POLICY MANUAL
INDEPENDENCE COMMUNITY SCHOOLS WELLNESS POLICY

Fundraising Activities
To support children’s health and school nutrition efforts, school sponsored organizations scheduling fundraising activities are encouraged to include selling healthy foods or non-food items. Fundraising activities that encourage physical exercise are also recommended. The school district will make available a list of fundraising ideas for organizations and staff.

There are two types of fundraising – regulated and other. Regulated fundraisers are those that offer the sale of foods or beverages on school property and that are targeted primarily to PK-12 students by or through other PK-12 students, student groups, school organizations, or through on-campus school stores. Regulated fundraising activities must comply with the state nutrition guidelines. All other fundraising activities are encouraged, but not required, to comply with the state nutrition guidelines if the activities involve foods and beverages.

The school district encourages fundraising activities that promote physical activity. The school district will make available a list of ideas for acceptable fundraising activities.

School Sponsored Events/Concessions
Organizations that are responsible for providing concessions for school sponsored events and game concessions are encouraged to also provide healthy choices along with their regular items sold. To the extent possible, this may include having available 100% juices & bottled water.

Meal Times & Scheduling
The school district will provide students with at least 15 minutes for breakfast and 25 minutes for lunch. Meal periods will be scheduled after recess in Elementary buildings and at appropriate times (e.g. lunch periods will be scheduled between 11am and 1pm). Club, organizational meetings or activities should not be scheduled during meal times unless students may eat during such activities.

Free/Reduced Priced Meals
The school district will make every effort to eliminate any social stigma attached to, and prevent the overt identification of, students who are eligible for free/reduced priced meals. This will be accomplished by utilizing computer software on the serving lines and by limiting free/reduced information only to those who need to utilize that information for purposes directly related to their position within the district. Confidentiality forms will also be kept on file for all staff to which that information is released making them aware of the penalties for distributing that information to other sources. Out of date lists will be destroyed to prevent information from being exposed.

Qualifications of Food Service Staff
Qualified nutrition professionals will administer the meal programs. As part of the school district’s responsibility to operate a food service program, the school district will provide continuing education and provide reimbursement for staff programs that include appropriate certifications for staff according to their levels of responsibility as detailed in the staff handbook. All food service staff will receive 12 hours of in-service training on a variety of related topics per year.

Staff Wellness
The school district values the health and well-being of every staff member and will assist in the planning and implementation of activities and policies that support personal efforts by staff to maintain a healthy lifestyle. The school district has established a staff wellness committee to promote and oversee a staff wellness program for school staff.
INDEPENDENCE COMMUNITY SCHOOLS WELLNESS POLICY

Food Safety
A. All foods made available on campus adhere to food safety and security guidelines.
B. All foods made available on campus comply with the state and local food safety and sanitation regulations. HACCP (Hazard Analysis and Critical Control Points) program is fully implemented to prevent food illness in schools. All groups/organizations requesting use of the food service areas will be required to follow all HACCP guidelines. A guideline sheet will be issued to those groups upon signing a Rental of Facilities and Equipment form.
C. For the safety and security of the food and facility, access to the food service areas are limited to food service staff and authorized personnel.

PLAN FOR IMPLEMENTATION
The superintendent will ensure compliance with established district-wide nutrition and physical activity wellness policies. Building principals will be responsible for ensuring compliance in their buildings and will report on the building’s compliance to the superintendent. The Food Service Director and food service staff will ensure compliance with nutrition policies within food service areas and will report compliance to the superintendent. The superintendent will develop a summary report every three years on school-wide compliance with the district’s established nutrition and physical activity wellness policies, based on input from buildings within the district. To help in the development of the school district’s wellness policies, each building will conduct an assessment annually to help review policy compliance, assess progress and determine areas in need of improvement. As part of that review, the school district will review the nutrition and physical activity policies and practices and the provision of an environment that supports healthy eating and physical activity. The school district, and the individual buildings within the school district, will revise the wellness policies and develop work plans to facilitate their implementation.
Physical Activity Contract for the Current School Year

In 2008, the Iowa Legislature enacted “the Healthy Kids Act,” requiring that all students in grades 6 – 12 engage in physical activity for a minimum of 120 minutes per week in which there are at least five days of school. The law also requires that we monitor how students fulfill this requirement.

INDEPENDENCE COMMUNITY SCHOOL DISTRICT POLICY MANUAL
CAPITAL ASSETS

The school district will establish and maintain a capital assets management system for reporting capitalized assets owned or under the jurisdiction of the school district in its financial reports in accordance with generally accepted accounting principles (GAAP) as required or modified by law; to improve the school district's oversight of capital assets by assigning and recording them to specific facilities and programs and to provide for proof of loss of capital assets for insurance purposes.

Capital assets, including tangible and intangible assets, are reported in the government-wide financial statements (i.e. governmental activities and business type activities) and the proprietary fund financial statements. Capital assets reported include school district buildings and sites, construction in progress, improvements other than buildings and sites, land and machinery and equipment. Capital assets reported in the financial reports will include individual capital assets with an historical cost equal to or greater than $5,000. The Federal regulations governing school lunch programs require capital assets attributable to the school lunch program with a historical cost of equal to or greater than $500 be capitalized. Additionally, capital assets are depreciated over the useful life of each capital asset.

All intangible assets with a purchase price equal to or greater than $25,000 with useful life of two or more years, are included in the intangible asset inventory for capitalization purposes. Such assets are recorded at actual historical cost and amortized over the designated useful lifetime applying a straight-line method of depreciation. If there are no legal, contractual, regulatory, technological or other factors that limit the useful life of the asset, then the intangible asset needs to be considered to have an indefinite useful life and no amortization should be recorded.

Phase III districts, as determined under GASB 34, will retroactively report intangible assets. If actual historical cost cannot be determined for intangible assets due to lack of sufficient records, estimated historical cost will be used.

This policy applies to all intangible assets. If an intangible asset that meets the threshold criteria is fully amortized, the asset must be reported at the historical cost and the applicable accumulated amortization must also be reported. It is not appropriate to "net" the capital asset and amortization to avoid reporting. For internally generated intangible assets, outlays incurred by the government's personnel, or by a third-party contractor on behalf of the government, and for development of internally generated intangible assets should be capitalized.

The capital assets management system must be updated monthly to account for the addition/acquisition, disposal, relocation/transfer of capital assets. It is the responsibility of the superintendent, and/or other designated staff, to count and reconcile the capital assets with capital assets management system on June 30 each year.

It is the responsibility of the superintendent, and/or other designated staff, to develop administrative regulations implementing this policy. It will also be the responsibility of the superintendent, and/or other designated staff, to educate employees about this policy and its supporting administrative regulations.

INDEPENDENCE COMMUNITY SCHOOL DISTRICT POLICY MANUAL
CAPITAL ASSETS REGULATION

A. Capital Assets Management System
The superintendent, and/or other designated staff, shall:
1) Conduct the fixed assets physical count;
2) Develop the fixed assets listing;
3) Tag fixed assets included in the fixed assets management system with a bar code identification number;
4) Make a recommendation of a computer software program for managing the fixed assets management system;
5) Enter the necessary data into the fixed capital assets management system and compile the appropriate reports;
6) Develop forms and procedures for maintaining the integrity of the fixed capital assets management system; and,
7) Maintain responsibility for an accurate fixed capital assets management system.

B. Determining historical cost

1. The historical cost of a capital asset is based on the actual costs expended in making the capital assets serviceable.

2. Gifts of capital assets are valued at the estimated fair market value at the addition/acquisition date.

3. Fixed assets purchased under a capital lease are valued at historical cost of the net present value of the minimum lease payments on the addition/acquisition date.

4. The historical cost of capital assets must include capitalized interest.

C. Annual capital assets listing reconciliation

1. The superintendent, and/or other designated staff, in conjunction with the capital assets management team, will conduct an annual capital assets physical count to develop the annual capital assets listing in a manner similar to the initial capital assets listing process in B above. At least every three years, someone other than the person in custody of the capital assets in the building/department/room will perform the capital assets physical count for the building/department/room.

2. Upon completion of the annual capital assets listing, the capital assets listing is reconciled to the capital assets management system data base.

3. Capital assets found to have been excluded from the data base are added to the capital assets management system. The capital assets management system process should be reviewed to prevent future incidents of excluding a capital asset.

4. Capital assets unaccounted for are reported to the superintendent who contacts the supervisor of and the individual in charge/control/custody of the capital asset. The individual in charge/control/custody of the capital asset has thirty days to account for the capital asset.
CAPITAL ASSETS REGULATION

5. Capital assets unaccounted for after thirty days are reported to the superintendent for appropriate action and documentation. "Appropriate action" may include discipline, up to and including discharge, and may require the employee/person in charge/control/custody of the capital asset to replace the asset.

6. The superintendent, and/or other designated staff, is responsible for documenting the reasons each asset was not reconciled to the capital assets management system.

D. Addition/acquisition of capital assets.

1. The school district's purchasing policy and administrative regulations must be followed when acquiring capital assets. The school district's policy and administrative regulations must be followed for receiving a gift of capital assets.

2. The capital assets addition/acquisition documentation must be completed for each additional capital assets with an addition/acquisition cost of equal to or greater than $5,000. The following information should be collected, if applicable:
   a. Name of location-building/department/room;
   b. Location-building/department/room code;
   c. Balance sheet accounting/class code;
   d. Government or BTA program;
   e. Addition/acquisition date;
   f. Check/purchase order number or gift;
   g. Bar code identification number assigned to and placed on the capital asset;
   h. Serial/model number;
   i. Cost-historical;
   j. Fair market value on acquisition date (donated assets only);
   k. Estimated useful life;
   l. Vendor;
   m. Purchasing fund and function;
   n. Description of capital asset;
   o. Department/person charged with custody;
   p. Method of addition/acquisition-purchase, trade, gift etc.,
   q. Quantity;
   r. Replacement cost;
   s. Addition/acquisition authorization; and,
   t. Function for depreciation.

3. Capital assets acquired in a month must be entered into the capital assets management system in the same month.

4. The actual costs of construction in progress, other than infrastructure, is entered into the capital assets management system in the month in which costs are incurred until the total cost of addition/acquisition is entered. Upon completion of construction, the total costs accumulated over the period of construction are reclassified to buildings.
CAPITAL ASSETS REGULATION

5. Capital assets acquired in a month must be entered into the capital assets management system in the same month.

E. Relocation/transfer of machinery and equipment capital assets.

   1. A capital assets relocation/transfer documentation must be completed prior to removing machinery and equipment capital assets from their current location. The following information must be collected:
      a. Relocation/transfer date;
      b. Quantity;
      c. Bar code identification number;
      d. Current location-building/department/room code;
      e. Name of current location-building/department/room;
      f. New location-building/department/room code;
      g. Name of new location-building/department/room;
      h. Date placed at new location-building/department/room;
      i. Department/person charged with custody; and
      j. Relocation/transfer authorization.

   2. Capital assets relocated/transferred in a month must be entered into the capital assets management system in the same month.

F. Disposal of capital assets

   1. A Capital Assets disposal documentation must be completed prior to disposing of real property. The following information must be collected:
      a. Disposal date;
      b. Quantity;
      c. Bar code tag identification number;
      d. Legal description,
      e. Location/Address;
      f. Purchaser;
      g. Disposal methods for real property trade, sale, stolen, etc.; and,
      h. Disposal authorization.

   2. Capital assets disposed of in a month must be entered into the capital assets management system in the same month.

   3. When assets are sold or disposed of, it is necessary to calculate and report a gain or loss in the statement of activities. The gain/loss is calculated by subtracting the net book value (historical cost less any accumulated amortization) from the net amount realized on the sale or disposal.

G. Lost, damaged or stolen capital assets.

   1. A Lost, Damaged or Stolen Capital Assets Report must be completed when a capital asset has been lost, damaged or stolen. The following information must be collected:
CAPITAL ASSETS REGULATION

a. Date of loss, damage or theft;

   d. capital assets listing by replacement cost.
CAPITAL ASSETS MANAGEMENT SYSTEM DEFINITIONS

**Back trending/standard costing** - an estimate of the historical original cost using a known average installed cost for like units as of the estimated addition/acquisition date. This cost is only applied to the capital assets initially counted upon implementation of the capital assets management system when the historical original cost cannot be determined. It is inappropriate to apply the back trending/standard costing method to any capital assets acquired after the assets management system implementation date.

**Balance sheet accounting/class codes** - the codes set out for assets in the Iowa Department of Education Uniform Accounting Manual. They are: 200-capital assets; 211-land and land improvements; 221-site improvements; 222-accumulated depreciation on site improvements; 231-buildings and building improvements; 232-accumulated depreciation on buildings and building improvements; 241-machinery and equipment; 242-accumulated depreciation on machinery and equipment; 251-works of art and historical treasures; 252-accumulated depreciation on works of art and historical treasures; 261-infrastructure; 262-accumulated depreciation on infrastructure and 271-construction in progress.

**Book value** - the value of capital assets on the records of the school district, which can be the cost or, the cost less the appropriate allowances, such as depreciation.

**Buildings and building improvements** - a capital assets account reflecting the addition/acquisition cost of permanent structures owned or held by a government and the improvements thereon.

**Business-type activities** - one of two classes of activities reported in the government-wide financial statements. Business-type activities are financed in the whole or in part by fees charged to external parties for goods or services. These activities are usually reported in enterprise funds.

**Capital expenditures/expenses** - expenditures/expenses resulting in the addition/acquisition of or addition/acquisition to the school district's capital assets.

**Capital assets** - Capital assets with a value of equal to or greater than $5,000 based on the historical cost include: long-lived assets obtained or controlled as a result of past transactions, events or circumstances. Capital assets include buildings, construction in progress, improvements other than facilities, land, machinery and equipment, and intangible assets.

**Capitalization policy** - the criteria used by the school district to determine which capital assets will be reported as capital assets on the school district’s financial statements and records.

**Capitalization threshold** - The dollar value at which a government elects to capitalize tangible or intangible assets that are used in operations and that have initial useful lives extending beyond a single reporting period.

**Capitalized interest** - interest accrued and reported as part of the cost of the capital assets during the construction phase of a capital project. The construction phase extends from the initiation of pre-construction activities until the time the asset is placed in service.

**Construction in progress** - buildings in the process of being constructed other than infrastructure.

**Cost** - the amount of money or other consideration exchanged for goods or services.
CAPITAL ASSETS DEFINITIONS

**Depreciation/Amortization** - expiration in the service life of capital assets, other than wasting assets, attributable to wear and tear, deterioration, action of the physical elements, inadequacy and obsolescence. In accounting for depreciation/amortization, the cost of a capital asset, less any salvage value, is prorated over the estimated service life of such an asset, and each period is charged with a portion of such cost.

**Fixtures** - attachments to buildings that are not intended to be removed and cannot be removed without damage to the buildings. Those fixtures with a useful life presumed to be as long as that of the building itself are considered a part of the building. Other fixtures are classified as machinery and equipment.

**General capital assets** - capital assets that are not capital assets of any fund, but of the governmental unit as a whole. Most often these capital assets arise from the expenditure of the financial resources of governmental funds.

**General capital assets account group (GFAAG)** - a self-balancing group of accounts established to account for capital assets of the school district, not accounted for through specific proprietary funds.

**Government activities** - activities generally financed through taxes, intergovernmental revenues, and other non-exchange revenues. These activities are usually reported in governmental funds and internal service funds.

**Government-wide financial statements** - Financial statements that incorporate all of a government's governmental and business-type activities, as well as its nonfiduciary component units. There are two basic government-wide financial statements: the statement of net assets and the statement of activities. Both basic government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting.

**Historical (acquisition) cost** - the actual costs expended to place a capital asset into service. For land and buildings, costs such as legal fees, recording fees, surveying fees, architect fees and similar fees are included in the historical cost. For machinery and equipment, costs such as freight and installation fees and similar fees are included in the historical cost.

**Improvements** - In addition made to, or change made in, a capital asset, other than maintenance, to prolong its life or to increase the efficiency or capacity. The cost of the addition or change is added to the book value of the asset.

**Improvements other than buildings** - attachments or annexation to land that are intended to remain so attached or annexed, such as sidewalks, trees, drives, tunnels, drains and sewers. Sidewalks, curbing, sewers and highways are sometimes referred to as "betterments," but the term "improvements" is preferred.

**Infrastructure** - long-lived capital assets that normally are stationary in nature and normally can be preserved for a significantly greater number of years than most capital assets. Examples of infrastructure assets include; roads, bridges, tunnels, drainage systems, water and sewer systems, dams, and lighting systems.

**Investment in general capital assets** - an account in the GFAAG representing the school district's investment in general capital assets. The balance in this account generally is subdivided according to the source of the monies that finance the capital assets addition/acquisition, such as general fund revenues and special assessments.
CAPITAL ASSETS DEFINITIONS

**Land and buildings** - real property owned by the school district.

**Machinery and equipment** - capital assets which maintain their identity when removed from their location and are not changed materially or consumed immediately (e.g., within one year) by use. Machinery and equipment are often divided into specific categories such as: transportation machinery and equipment which includes school buses and school district owned automobiles, trucks and vans; other motor machinery and equipment which includes lawn maintenance machinery and equipment, tractors, motorized carts, maintenance machinery and equipment, etc.; other machinery and equipment which includes furniture and machinery and equipment contained in the buildings whose original cost is equal to or greater than $5,000, and capital assets under capital leases and capital assets being acquired under a lease/purchase agreement.

**Proprietary funds** – Funds that focus on the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. There are two different types of proprietary funds: enterprise funds and internal service funds.

**Replacement cost** - the amount of cash or other consideration required today to obtain the same capital assets or its equivalent.
COMMUNITY USE OF SCHOOL DISTRICT FACILITIES & EQUIPMENT

School district facilities and equipment will be made available to local nonprofit entities which promote cultural, educational, civic, community, or recreational activities. "Entity(ies)" will include organizations, groups and individuals and their agents. Such use will be permitted only when the use does not interfere with or disrupt the education program or a school-related activity, the use is consistent with state law, and will end no later than midnight. It is within the discretion of the board to allow for-profit entities to use school district facilities and equipment. The board reserves the right to deny use of the facilities and equipment to an entity. It is within the discretion of the superintendent to allow use of school district facilities and equipment on Sundays.

Entities who wish to use school district facilities or equipment must apply through the Activity Director. It is the responsibility of the Activity Director to determine whether the school district facility or equipment requested is available and whether the application for use meets board policy and administrative regulations. It is the responsibility of the Activity Director to provide application forms, obtain proof of insurance, and draw up the contract for use of school district facilities and equipment. Fees will be billed through the Central Administration Office.

Use of school district facilities and equipment by entities will be supervised by a school district employee unless special prior arrangements are made with the superintendent. The school district employee will not accept a fee from the entity using school district facilities and equipment. If appropriate, the school district employee may be paid by the school district.

Entities that use school district buildings or sites must leave the building or site in the same condition it was in prior to its use. Entities that use school district equipment must return the equipment in the same working condition it was in prior to its use. Inappropriate use of school district facilities and equipment may result in additional fees charged to, or the inability of, the entity to use school district facilities or equipment in the future.

The school district will sponsor education related organizations' use of the ICN upon approval of the superintendent. Sponsored ICN user's mission must be consistent with the mission of the school district. Costs associated with the use of the ICN will be passed on by the school district to the sponsored user.

Authorized users of the ICN shall ensure their use of the ICN is consistent with their written mission. The ICN will not be used for profit making ventures. Authorized users may not resell time on the ICN. Entities that wish to use the school district's ICN classroom to originate, receive or broadcast programming, must follow the state scheduling requirements. However, it is recommended that entities that wish to use the school district's ICN classroom to originate, receive, or broadcast programming, contact the school district's ICN scheduler's office to inform them of their needs.

INDEPENDENCE COMMUNITY SCHOOL DISTRICT POLICY MANUAL
COMMUNITY USE OF SCHOOL DISTRICT FACILITIES & EQUIPMENT

It is the responsibility of the entities that wish to use the school district’s ICN classroom to originate, receive or broadcast programming in compliance with the law regarding authorized use of and content of the programming on the ICN. The school district assumes no responsibility or liability for entities using the ICN classroom in violation of the law, the authorized user’s mission or school district policy and its supporting administrative regulations. The school district reserves the right to charge all costs, including attorney fees, that may arise to the entity for the entity’s failure to comply with the law or school district policy and its supporting administrative regulations.

The board may allow entities, that are school related or of an educational nature, to use the school district facilities and equipment without charge. While such entities may use the facilities and equipment without charge, they may be required to pay a custodial fee.

It is the responsibility of the superintendent to develop a fee schedule for the board’s approval and to develop administrative regulations regarding this policy.

INDEPENDENCE COMMUNITY SCHOOL DISTRICT POLICY MANUAL
USE OF SCHOOL DISTRICT FACILITIES & EQUIPMENT INDEMNITY & LIABILITY INSURANCE AGREEMENT

The undersigned hereafter referred to as "entity," states that it shall hold the Independence School District, hereafter referred to as "school district," harmless from any and all damages and claims that may arise by reason of any negligence on the part of the entity in the use of any facilities or equipment owned by the school district. In case any action is brought therefore against the school district or any of its officers, employees or agents, the entity shall assume full responsibility for the legal defense thereof, and upon its failure to do so on proper notice, the school district reserves the right to defend such action and to charge all costs, including attorneys' fees, to the entity.

The entity agrees to furnish and maintain during the usage of the facilities or equipment owned by the school district such bodily injury and property damage liability insurance as shall protect the entity and the school district from claims for damages for personal injury, including accidental death, and from claims for property damages which may arise from the entity's use of the school district's facilities or equipment whether such operations be by the entity or by anyone directly or indirectly employed by the entity. Such insurance shall include the Independence Community School District as an additional named insured in the policy carried by the entity and described above.

The entity shall furnish the school district with a certificate of insurance acceptable to the school district's insurance carrier before the contract is issued.

INDEPENDENCE COMMUNITY SCHOOL DISTRICT POLICY MANUAL
COMMUNITY USE OF SCHOOL DISTRICT FACILITIES & EQUIPMENT REGULATION

1. Alcoholic beverages will not be brought to or consumed in the school district facilities or grounds.

2. Smoking is prohibited in school district facilities.

3. A custodian or employee must be present while the school district facility or equipment is being used by an entity, if deemed necessary by the superintendent/designee.

4. After a school district facility or site has been used by an entity, cleaning, including restoring the facility or site to the condition it was in prior to its use, will be done by employees assisted by a committee from the entity. The fee charged to the entity for the use of the facility or site will include these costs. However, if excessive costs are involved in cleaning or otherwise restoring the facility or site to the condition it was in prior to its use, the board reserves the right to charge the entity for these excessive costs.

5. Entities are required to stay within the area of the school district facility or site and use only the school district equipment authorized by the school district for use by the entity. Other school district facilities, sites, or areas in the school district building or equipment are off limits to the entity.

6. A cancellation after the facility or equipment is made ready for the entity will be charged at the full rate. Cancellations made prior to that time shall be charged a ½ the original fee or the costs incurred to the school district in anticipation of the entity’s use, whichever is greater.

7. All groups using school facilities must have responsible adult supervision. No group will be admitted to a building unless accompanied by or preceded by an adult supervisor. The adult supervisor must remain in the building until the last member of the group is out of the building.

8. If kitchen equipment is to be used, a food service staff person is to be present and the school will be reimbursed for their time.

9. If a large crowd is expected, the organization should secure special police for the protection of the school facilities, if deemed necessary by the superintendent/designee.

10. FEE SCHEDULE
   a. If custodians are needed, the rate will be charged actual cost to the district and in accordance with state and federal regulations.
   b. If food service personnel are needed, the rate will be the actual cost to the district and in accordance with state and federal regulations.
   c. The following rate schedule is per day. A day is defined as any length of time in a 24 hour period.

   **Entity** | **Rental Fee** | **Custodial Fee**

In addition to paying the above fees, other than entities using the ICN classroom, each entity must make arrangements with the school district to have adequate custodial and supervisory services. Buildings will not be available unless a contract is signed by the entity and the school district well in advance of scheduled usage.

Renter is responsible for the repair and/or replacement of damaged equipment and/or facilities.
ICN ROOM USE

The ICN is a statewide telecommunications network designed primarily to enhance learning opportunities for students, employees and board members. The school district recognizes that it is not the only authorized user of the ICN and other users will frequently be using the school district's ICN facilities. Sponsored and authorized users of the ICN must comply with state and federal law in using the ICN.

Jr/Sr High School Media Specialist is responsible for coordinating ICN classroom use. Requests for use of the ICN classroom by employees for the educational program shall be filed with the Jr/Sr High School Media Specialist.

It shall be the responsibility of the entity using the ICN classroom to comply with the requirements of the law and school district policy and its supporting administrative regulations.

1. The ICN is a limited access network and sponsored or authorized users cannot use the system for profit making ventures.
2. The use must be consistent with the mission of the sponsored or authorized user.
3. Users cannot resell time on the ICN.
4. Sponsored and authorized users are responsible for compliance with the Americans with Disabilities Act and Iowa Civil Rights Act. Sponsored and authorized users are responsible for making the necessary accommodations and are responsible for obtaining and paying for needed interpreters or interpretive equipment.
5. Sponsored and authorized users are required to stay within the ICN classroom and use the most direct route to the ICN classroom. Other school district facilities, sites, areas in the school district building or equipment are off limits to the authorized users.
6. The charge for use of the ICN room is $12.50 per hour plus hourly custodial fee.
7. The ICN will be available Monday through Friday, 7:00 a.m. to 10:30 p.m. and Saturday, 8:00 a.m. to 4:00 p.m. School scheduling takes priority.
8. The sponsored or authorized user is responsible for all site and site usage charges.
9. A school district employee will be present in the school district facility while the ICN is in use.
10. Food and drink are not permitted in the ICN room.
11. Use or transmission of copyrighted material, without prior approval of the copyright holder, is strictly prohibited. Appropriate use of the copyrighted material is the responsibility of the sponsored or authorized user, not the school district.
12. The school district reserves the right to amend these rules as necessary to reflect the ICN's usage and changes at the state or federal level.
13. The school district reserves the right to charge all costs, including attorneys' fees that may arise to the authorized user for the sponsored or authorized user's failure to comply with the law, board policy and administrative regulations.
DEVELOPMENT OF POLICY

The board has jurisdiction to legislate policy for the school district with the force and effect of law. Board policy provides the general direction as to what the board wishes to accomplish while allowing the superintendent to implement board policy.

The written policy statements contained in this manual provide guidelines and goals to the citizens, administration, employees and students in the school district community. The policy statements shall be the basis for the formulation of regulations by the administration. The board shall determine the effectiveness of the policy statements by evaluating periodic reports from the administration.

Policy statements may be proposed by a board member, administrator, employee, student or member of the school district community. Proposed policy statements or ideas shall be submitted to the superintendent's office for possible placement on the board agenda. It shall be the responsibility of the superintendent to bring these proposals to the attention of the board.

ADOPTION OF POLICY

The board shall give notice of proposed policy changes or adoption of new policies by placing the item on the agenda of two regular board meetings. The proposed policy changes shall be distributed and public comment will be allowed at both meetings prior to final board action. This notice procedure shall be required except for emergency situations. If the board adopts a policy in an emergency situation, a statement regarding the emergency and the need for immediate adoption of the policy shall be included in the minutes. The board shall have complete discretion to determine what constitutes an emergency situation.

The final action taken to adopt the proposed policy shall be approved by a simple majority vote of the board at the next regular meeting after the meeting allowing public discussion unless second reading was waived at the first meeting. The policy will be effective on the later of the date of passage or the date stated in the motion.

In the case of an emergency, a new or changed policy may be adopted by a majority vote of a quorum of the board. The emergency policy shall expire at the close of the third regular meeting following the emergency action, unless the policy adoption procedure stated above is followed and the policy is reaffirmed.

DISSEMINATION OF POLICY

A board policy manual shall be housed in the Central Administration Office. Board members shall have electronic access to the board policy manual. Persons wishing to review the board policy manual shall contact the board secretary, who shall have a board policy manual available for public inspection.

It shall be the responsibility of the board secretary to ensure copies of new and revised policy statements are distributed to the custodians of board policy manuals no later than the first regular board meeting following the policy's adoption. Changes in board policy shall be reflected in the minutes of the meetings in which the final action was taken to adopt the new or changed policy.

REVIEW AND REVISION OF POLICY

The board shall, at least once every five years, review board policy. Once the policy has been reviewed, even if no changes were made, a notation of the date of review shall be made on the face of the policy statement.

The board will review one-fifth of the policy manual annually according to the following subject areas:

- Board of Directors (Series 200)
- Administration, Employees (Series 300 and 400)
- School District and Education Program (Series 100 and 600)
- Students (Series 500)
- Noninstructional Operations and Business Services, Buildings and Sites, School District-Community Relations (Series 700, 800 and 900)

It shall be the responsibility of the superintendent to keep the board informed as to legal changes at both the federal and state levels. The superintendent shall also be responsible for bringing proposed policy statement revisions to the board's attention.

If a policy is revised because of a legal change over which the board has no control or a change which is minor, the policy may be approved at one meeting at the discretion of the board.

REVIEW OF ADMINISTRATIVE REGULATIONS

Board policy sets the direction for the administration of the education program and school district operations. Some policies require administrative regulations for implementation.

It shall be the responsibility of the superintendent to develop administrative regulations to implement the board policies. The regulations, including handbooks, will be approved by the board prior to their use in the school district.

The administrative regulations will be available within one day after the adoption of the board policy unless the board directs otherwise.

Board Report for September
Jennifer Sornson, Junior/Senior High School Principal

The first few weeks of school have flown by. The entire staff has made everything work. We are asking numerous people to perform duties that they have never done before. I appreciate all the adjustments that people have made.

- The very complex schedule is working. Everyone has shown great flexibility.
- Room assignments have had to be adjusted. We are using the ICN room, the library, and the lunchroom on a daily basis (Junior High study hall or advisor). All areas are in use.
- Parking lots – The new parking arrangements are working. The southwest student lot always has spaces empty. The gates on the north end of the southwest lot are working. The gates are keeping student drivers away from the buses. Traffic flow is good in front of the building.
- Junior/Senior High building update. Our six new doors have been installed. They look great and should improve security. 32 of our security cameras are up and recording. We have about 10 more that will be running with in the week. We have great images even with low light.
- Tech issues – We still have some technology issues. The list is getting smaller.

High School Parent-Teacher conferences have been set for September 23, 3:45-7:30 (Dinner Break – 5:00-5:30). Teachers that are shared will only be available part of the time. Example if you teach at the Senior High half the day, then you would be at conferences half the time. Those teachers will communicate times with students and parents.

Homecoming week – September 27 – October 2
All activities are planned. Parade route has been changed but I think it will be good for the elementary students. I will go over the TP (vandalism) rule with the entire student body again this year. Last year we had better behavior than previous years. All students should follow the guidelines that were set last year.

All Jr./Sr. High Teachers have started with Professional Development material for the year, Classroom Instruction that Works.

At-Risk staff has started to meet once a week. We have two new At-Risk teachers at the high school. Students have been identified and staff are starting to meet and assist those students.
JUNIOR HIGH BOARD REPORT
ASSISTANT JR./SR. HIGH PRINCIPAL Dave Jacobson
September 12, 2010

The first month of school has gone very well and I want to compliment all the buildings & grounds staff, technology director Steve Noyes, the faculty, associates and students for making the transition to a new building successful for everyone. We experienced many hurdles we had to jump over but no obstacles we couldn’t find a solution for!

The annual Magazine Sales Fundraiser is under way. The final turn in date will be Friday, September 17. We are encouraging every 7th & 8th grade student to renew or sell 5 subscriptions so we can reach our goal. This fundraiser is vital to our Junior High being able to offer many extras beyond what our school district can fund to enhance the education of our students.

We held our Meet the Teachers Night on August 24 for all 7th & 8th grade parents. Plans are in the works to streamline the agenda, find a better location to meet and increase parent numbers.

September 27 through October 8 all 7th & 8th grade students will be taking the NWEA/MAF tests. As in previous years, emphasis will be placed upon reading comprehension and math scores to provide our faculty with immediate and pertinent feedback on student instructional needs. Part of our yearly professional development is connected to the NWEA/MAF program.

Our 7th & 8th grade students will once again be taking a field trip to Camp EWALU on September 29 and October 13. Greg Moen and all of our 7th & 8th grade staff will put this program together. Parents will soon be receiving written information and permission slips to sign and return. This field trip has proven to be very educational, safe and a wonderful out of school experience we are glad to be able to offer our students.

7th & 8th grade athletic and fine arts programs are in full swing. We hope to see everyone out supporting our young people in these very important programs that contribute so much to their educational experiences.
Report to the Board of Education
West Elementary
September 20, 2010

A Great Start
We have had a great start to the school year. Our 392 students have adjusted to the new building quite well. Teachers have settled into their new classrooms and are busy doing beginning of the year assessments to better understand where students are in their learning. Some of the things that have happened in the last month include:

- **Our Open House** on August 20 was a huge success. We had 450 families/individuals come through the building. Teachers reported that 75-85% of their students and families attended. Community members also came through to see the building. Our Parent Advisory Council helped me personally greet every person that came in the doors. We heard many positive comments about how the building looked and excitement about the new year ahead.
- We had a “red carpet” on the first day of school for students to walk on as they entered the building and people were available taking pictures. The Ambassadors helped us dedicate the building with a **Ribbon Cutting Ceremony**. It was a lot of fun!
- Teachers have all set **classroom goals** with their students in reading and math and will be charting their progress toward meeting those goals throughout the year.
- **Safety before and after school** was a huge concern for us. We spent the first week refining our plan and believe that we have a policy that keeps our students safe in the parking lot as they come to and leave school. No cars are allowed into the parking lot before and after school. This allows children to move safely through the parking area and for buses to get around the campus. It took some adjustment time for our parents but, for the most part, they are now supporting our policy. Casey has taken an enormous lead in developing, revising, and enforcing the plan.

School in Need of Assistance Audit and Action Plan
As I reported last month, West has been designated as a School in Need of Assistance. We are 1 of 410 buildings who have been designated across the state as SINA and 295 on the Watch List! Because we have Title 1 services in the building, there are sanctions that come with the designation. A team from the building has already spent many hours working on an audit of our building that includes programs, professional development, climate, demographics, achievement data, etc. This is very similar to the process the district went through in 2007-08 when we asked the state to come and provide input. Our audit will be completed by September 16. We then make a diagnosis of what needs to be done and design an action plan for change. The plan has to be submitted to the state for approval by November 1.

We have had some very good conversation about our strengths and areas in which we could improve. In discussion with the staff, our plan will be to continue to strengthen our reading program with full implementation of small group reading instruction using the Guided Reading format. We will have a designated 30 minute block of time 3 days in a 6 day cycle devoted to small group intervention, with the primary focus being math. During that time, all staff will work with students on a specific concept/skill. Progress will be closely monitored. More information will be shared about our plan as it is developed.

2. Open House:
East Elementary Open House is Tuesday, Sep 28, 6-7:30pm. Please join us!

3. Year start:
Very good despite all the movement this summer! We still have some smaller adjustments to make (rearrangement of space, small fix-its and long term assessments) but in general the facility is working well for K-2. Students are learning routines in the new setting and staff are getting in some extra mileage walking up and down the long hallways!

4. Assessment:
We have completed K-2 assessment for the fall and will be analyzing that data soon.

5. Inservice:
9/1 was spent with teachers continuing their work in language arts.
9/17 was spent in Waverly with the district faculty attending the Michael Schmoeker presentation on differentiated instruction.

6. PTO:
PTO is sponsoring the Writing Reptiles assembly in September and will be having a fundraiser this year.

7. PK4:
Verification occurs mid-November. We have an AEA 1 rep working with us through a grant to help us meet the goals of the verification.
ACTIVITIES SEPTEMBER BOARD REPORT  
Activities Director Dave Jacobson

Fall sports and fine arts are in full swing. Volleyball and football participation numbers have seen a nice increase and we are hoping student numbers in all of our activities increase this year.

I am in the process of meeting with all Head Coaches and Sponsors so we can share information, viewpoints and build common ground where we can work together to increase the success of all our programs. I am encouraging each Head Coach to incorporate four building blocks that will make up the foundation of their program:

1-Academic excellence.
2-Multi-sport/program participation.
3-Participation in a year round strength & conditioning program.
4-Program improvements; student numbers, goals, use of camps, in-house and out-of-house clinic attendance for all coaches, promotional ideas, etc. I am encouraging each program to be +1 this year over last year in their WAMAC conference finish.

I want to send out a very sincere THANK YOU to the many people that have helped to get me up to speed as the new Activities Director since July 1st. It has been a whirlwind process and things are falling nicely into place for all of our students. On the very near horizon for upcoming events are:

1-The Independence Co-ed Cross Country Invitational on Saturday September 25 at the MHI grounds.
2-Homecoming Week September 27 through October 2.
3-1st HOME Volleyball game versus Benton Community on Tuesday September 21 and the PACK THE GYM NIGHT during Homecoming Week Thursday September 30 versus Vinton Shellsburg.

Last, I want to thank the Independence Booster Club members for all of their efforts behind the scenes to help our programs. Their hours and hours of work DO make a difference and I want to encourage others to step up and help at just 1 activity because it does matter! Those that have attended one of our first 2 home football games know that the level of excitement and pride is improving in our school district. To see the band, student body, community members and athletes rally together is exactly what we want for our young people. THANK YOU & GO MUSTANGS!
Iowa Core Curriculum
The district leadership team had its first meeting at AEA a few weeks ago. We teamed with another district and shared each other’s plans. The intent was to help each other identify ways we might be able to achieve our goals. We discussed how we might better communicate information about the Iowa Core to our students, parents, and community. We will use a variety of measures to share information electronically and in person. We also discussed how we might enhance the implementation of Characteristics of Effective Instruction-specifically Teaching for Learner Differences. We will be looking for examples of good practices to share. Principals will be looking for evidence in their walk throughs and formal observations. Staff will be encouraged to focus on teaching for learner differences in their peer observations.

We did not get any information about the alignment with the Common Core State Standards.

Report to the Community
The Annual Progress Report has been uploaded on the district website for the community. It will also be shared at our first CCC meeting this month and will be available in the community and in the buildings.

District Wide Intervention Process
As you recall, the Site Visit Report from last spring recommended we implement a district wide intervention process. The administrative team has had multiple discussions about how we will roll out Instructional Decision Making (IDM)/Response to Intervention (RtI). The process will be part of the Intervention Team process currently in place in all buildings. We are working on an implementation plan for small group intervention time in the buildings.

Special Education
Special education teams will meet on a monthly basis with their principals to review progress monitoring data and determine next steps for instruction.

Fifteen general and special education teachers from across the district have begun their training in co-teaching. The training is being provided by AEA 267 and is being held in the district.

Curriculum Coordinating Council (CCC)
CCC will transition into being formally designated as our School Improvement Advisory Council (SIAC) beginning this month. This was a recommendation from our Site Visit last year. The council will include more community members and meetings will be held in the evening.

Teacher Quality Professional Development Funds
The Teacher Quality Committee has determined how professional development dollars will be allocated. 60% will be used for individual/learning team projects, 20% will be divided between the buildings for Building Leadership Teams to use for building needs, and 20% will be used for district level professional development.

Sandy Merritt
September 21, 2010

Technology has not gone very well for the beginning of the new school year. I underestimated the time involved to move and setup the computers. Things have improved in the last week or so.

PowerSchool: I have scheduled Thursday mornings for PowerSchool. This has worked out well and I plan to continue committing this time to work with PowerSchool.

Computers: Many of the computers have been relocated and are now setup to work with the improved network. We will start to use the District Ticket System starting October 27.

Printers: I have several printers to distribute throughout the district. In an attempt to save printing expenses, staff will be encouraged to print to the building copiers.

Network: The network surgery has had complications. We are working through these issues, but they are taking time because the network is in heavy-daily use. I have asked students to log-off of computers during the day to fix some remaining issues. The network is much faster then previous years. Last year, our average download speed was 300 kps, we are averaging about 1,800-2,000 kps this year. Home directories are staying mounted and most of the login issues are solved. The network has not crashed under its own weight this year.

Wireless Access: Our network will now support a wireless access solution. I am looking into various options and choices. I have sent maps to several interested companies.

District Content Filter: The content filter is doing a much better job of protecting the network. There are some growing pains and people need to pre-plan to make sure they are able to navigate to websites. We will eventually have different levels of content based on grade-level and classroom needs.

State Reporting: We are in the midst of collecting data for all of the Fall State reports. This is a busy time for everybody as we ensure the accuracy and timeliness of the reports.

Respectfully,

Stephen B. Noyes

Nutrition/Food Services
Board Report

Nutrition
We have been able to get a list of Healthy Kids Act items for the High School's a la carte line, but we'll be adding to it as we find more items. So far this school year, we’ve been able to add an extra fruit or vegetable to the lunches almost every day, so students have plenty of choices.

Farm to School
We have served fresh tomatoes from our school garden at every school’s lunch so far this year, at least once, some two or three times. We have also been able to serve a handful of peppers, cucumbers and zucchini from the garden at various schools’ lunches. After meeting with Dan Lichty from Hawkeye’s Horticulture program, we feel that we’ll be getting ample assistance in the form of Hawkeye students and possibly student internships with our school garden. Micki Sand-Cohen and Joe Olsen continue to head up these efforts and have been doing a great job with the little spare time they have.

We’ve hired a Farm to School Coordinator, Jessi Dorsey. She hit the ground running on Aug. 30th, and has already spent hours on the phone and visiting our local growers (and local farmer’s markets) to procure some great local produce. Many growers have had a tough summer with little produce, but we’ve been able to find local apples, cucumbers, baby red potatoes, and possibly green beans. I’ve been posting these menu items on our Food Services website.

Jessi has also been busy trying to organize possible farm fieldtrips and farmer visits to the classrooms. We have 2 visits tentatively scheduled for East Elementary in November from our Dairy Farmer in Springville who does homemade Mozzarella demonstrations.

Equipment/Budget
Last year the auditors requested that I include equipment we disposed of in my board report. We disposed of one large capacity floor mixer from West Elementary. The budget is looking a bit tighter than usual, but we hope to continue to serve the same amount of fresh fruits and vegetables that we’ve been serving. We’ve had to spend some money in the High School storeroom. With the new coolers in it, the temperature was rising to 95 degrees or higher so we’ve had to put in an air conditioner. We will also be spending money to have the West Elementary steamer and steam kettle taken apart for their annual inspection this month.

Personnel
I had one cook resign her position, Lanette Frye at East Elementary. Luckily we have hired her replacement, Paula Decker and I think she will work out wonderfully. We also hired several new subs and they have all been working out well. We’ve already needed a lot of subs this year, as we’ve had my Kitchen Manager, Maureen Morehouse gone from her knee replacement surgery. She started back on the 8th part time.

Technology
We’ve had a bit of a rocky start to the school year. With our lunch program dependant on Powerschool’s information, we struggled to get new accounts in, Free and Reduced forms in, and new students in before classes began. We are considering not using our databridge program as it seems to have created more problems that it has solved. I need to check to see if we’ve paid for this program through the school year or not before making this decision.

Respectfully Submitted,
Kelly Crossley, Food Service Director
September Board Report 2010
Grounds, Transportation, and Buildings

**Grounds:**

I would like to thank the football field committee for all the hard work they are doing getting the football complex in the best condition I have seen. They are making plans for the future and I believe this will be one of the nicest facilities around.

Our high School Football practice field has been flooded twice this summer and is basically ruined. We have been putting a lot of money into that field because of the flooding for several years. In my opinion instead of putting money into high school practice field we should use that money to improve the practice fields at the Linebaugh complex.

**Transportation:**

The A.M. bus routes for East, West and high School are going very good. The P.M. routes are not going as well as I would like to see them., but we are tweaking them every day and are continually improving. The bus drivers, teachers and parents need to be patient as there are a lot of students around the buildings at night. The decisions we are making are based on the safety of everyone. Superintendent Nathan Marting from Jesup and myself met on Sept 9th and both agree that the sharing agreement between Independence and Jesup is going very well.

**Buildings:**

The massive move has been completed. I would like to thank custodians, teachers, administrators, students and all the volunteers for their help. Without all these people working together the project could not of gotten done. I think this is a perfect example that if people work together anything can be done.

RESOLUTION

A RESOLUTION OF THE SCHOOL BOARD OF THE INDEPENDENCE COMMUNITY SCHOOL DISTRICT ADOPTING THE CITY OF INDEPENDENCE HAZARD MITIGATION PLAN

WHEREAS, the City Council of the City of Independence, Iowa has adopted its Hazard Mitigation Plan ("Plan"); and,

WHEREAS, the City received funding through the FEMA Hazard Mitigation Grant Program for the development of said Plan; and,

WHEREAS, a Public Hearing was held in the City Hall for the purpose of obtaining citizen input on the said Plan; and,

WHEREAS, said Plan Hazard Mitigation Plan was prepared in accordance with FEMA requirements at 44 C.F.R. 201.6 and has been certified by FEMA; and,

WHEREAS, the Independence Community School District participated in the formulation of said Plan through their representation on the Hazard Mitigation Planning Committee and attending related planning meetings and contributing or agreeing to goals, projects or activities contained therein.

NOW THEREFORE BE IT RESOLVED THAT the School Board of the Independence Community School District herewith adopts the Independence Hazard Mitigation Plan, and any amendments thereto.

Passed and adopted this ______________ day of ______________ 2010.

APPENDIX B – INDEPENDENCE COMMUNITY SCHOOL DISTRICT

DISTRICT PROFILE

Independence Community School District (ICSD) provides education to approximately 1,345 students. The District includes the communities of Independence, Rowley, and Brandon. The District has five facilities: Senior High School, Buchanan County Success Center, Junior High School, West Elementary, and an Early Childhood Center. The District is in the process of selling the East Elementary School.

The ICSD main campus is located at 1207 1st St. West and the Jr./Sr. High School is located at 514 5th Ave. SE. The main campus consists of 4 buildings, (Early Childhood Center, East Elementary, West Elementary, and The Administration Office). The bus garage is located about 100 yards NE of the Jr./Sr. High School building. The Success center is located at 2349 Jamestown Ave. There are 800 students and 125 staff at the main campus. The Jr./Sr. High School has 665 students and 87 staff. The bus garage has 17 staff, and the Success center has 27 students and 4 staff.

HAZARD RISK ASSESSMENT

Since the ICSD is a component of the larger Independence community (planning area) the District participated in the scoring of hazards as a member of the Planning Committee (see page 72). Therefore, the scores developed by the Committee are applicable to the District, thus separate scoring was not done for the District. However, additional information regarding the ICSD is provided below in regards to transportation hazards:

1. The ICSD buildings location puts them at risk for a chemical spill or release.
2. The ICSD campus is located 1 mile south of a railroad tracks.
3. The ICSD campus is located 1 mile north of Hwy. 20
4. The Jr./Sr. High School & Bus Garage are located .5 miles from Hwy. 20 and 1.5 mile from the railroad tracks.
5. The Success center is located 50 yards from Hwy. 20 and 2 miles from the railroad tracks.

MITIGATION STRATEGY

Hazard Mitigation Plan Goals
The Independence Hazard Mitigation Planning Committee (IHMPG) identified the following hazard mitigation plan goals at their first official meeting. The IHMPG set as a priority the development of broad-based goals that would address a multitude of hazards and encompass a variety of mitigation activities. By identifying these goals the Committee was able to develop mitigation action steps that with a particular objective in mind. The hazard mitigation plan goals are identified are as follows.

Updated Goals of the Independence Hazard Mitigation Plan:

1. Maintain emergency services during hazard events, or if this not possible, return to pre-disaster service levels as soon as possible.
3. Protect the health and welfare of the entire community by utilizing pre-disaster planning and constructing mitigation projects.
4. Identify possible action steps to be taken to decrease the risk of the communicable diseases.
5. Take steps to mitigate or minimize the impact of natural, technological, and/or man-made disasters.
6. Participate and incorporate the city’s plan into a future Multi-Jurisdictional Plan.

Current Activities

The ICSD has identified evacuation locations, (such as in the event of a chemical release the school district residents can be evacuated to either Jesup or East Buchanan schools.) This information has been communicated to the entire school community via flip charts displayed in every room in every school building. The ICSD emergency management coordinator (Casey Reinkoester) has attended training and is currently working with the Buchanan County Emergency Management office (Rick Wulfekuhle) to devise a comprehensive plan of response to any and all possible emergency scenarios. There have been meetings between the ICSD administrative team and local law enforcement and emergency management persons to review the school’s response to various hazards. The district has updated all school building entries to restrict access. The High School is in the process of purchasing and installing cameras. There are upcoming professional develop training sessions planned for all school staff.

Future Activities & Implementation Strategy / Action Plan

School representative analyzed the potential mitigation activities. This analysis included a discussion of the potential benefits of implementing the activity, some hurdles that the community may face in implementing the action step, and the drawbacks of implementation. The analysis utilized the STAPLE approach. The STAPLE approach assesses both positive and negative impacts on the following aspects of a county: Social, Technical, Administrative, Political, Legal, Economic, and Environmental. Based on this analysis, each activity was ranked as High (H), Medium (M) or Low (L). Once the School representative identified and ranked the future hazard mitigation activities, the activities were then analyzed. In addition, the Committee identified a time line for each activity, identified the responsible
party (ies) for each activity and finally related each activity to at least one of the five Hazard Mitigation Plan Goals listed above.

**Funding**

Although in the long-term hazard mitigation actions will save money by avoiding the loss of lives or property damages, in the short-term each action will have an associated cost. The School District will rely heavily on local funding sources to fulfill most of the plan obligations; however, they will also seek funds from State and Federal agencies for both pre- and post-disaster mitigation activities.

The estimated cost(s) for each mitigation action, program, or project is either: Minimal, Low, Moderate, or High depending upon various factors.

- **Minimal:** Cost estimate is $10,000 or less based on using current staff, time commitment, continuous of current duties, proposed action/program/project, and funding sources.

- **Low:** Cost estimate for project range from $10,001 - $99,999 based on existing proposed treatment, time commitment, any further study that is needed, and level of engineering, and project components (permits, acquisition, coordination, etc.).

- **Moderate:** Cost estimate for project range from $100,000 - $299,999 based on existing conditions, time commitment, proposed action/program/project, any further study that is needed, and level of engineering, and project components (permits, acquisition, coordination, etc.), and funding sources.

- **High:** Cost estimate for project range is $300,000 or higher based on existing conditions, time commitment, proposed action/program/project, any further study that is needed, and level of engineering, project components (permits, acquisition, coordination, etc.), and funding sources.

TRAVEL REQUEST FORM

Any staff member requesting permission to attend meetings, conventions, or field trips shall file this form with their building supervisor at least 10 working days prior to the meeting or trip. If you are requesting overnight travel, the Superintendent must also approve your request. If your travel request is outside a 200 mile radius and outside the state of Iowa you also need the approval of the Board of Education.

If you are approved this form will be returned to you with the appropriate signatures. At this time, you can make your requests for any registration fees, hotel/motel accommodations and request a vehicle if it is needed. DO NOT submit those requests until you are approved. Please submit requests timely.

Hy-Vee Hall; Des Moines, Iowa

The work of local school boards shapes every young Iowan. The need to develop innovative strategies has never been greater. Operating from a rock solid knowledge base is required of today's decision makers.

- WEDNESDAY - This day of pre-conference programming provides critical information on school finance, board effectiveness, and promising case studies for student success.
- THURSDAY - The conference addresses policies and trends impacting student learning and achievement in general sessions, targeted educational breakouts, and meet-the-expert roundtable discussions.

You'll gain practical tips and tools for brightening the future for the student faces in your community.

Dr. Tony Wagner - Workshop Facilitator & Featured Speaker!

IASB is thrilled to announce Dr. Tony Wagner as the Early-Bird Workshop facilitator on Wednesday, November 17 and as a featured speaker on Thursday, November 18. Harvard professor and author of the acclaimed book, The Global Achievement Gap, Tony will share compelling information explaining the urgency of Iowa students learning the seven survival skills needed for careers, college, and citizenship in the 21st century – and what schools can do about it.

Location

Our location for 2010 is Hy-Vee Hall, 730 - 3rd Street, just southwest of Wells Fargo Arena near downtown Des Moines. The Iowa Events Center was voted "Best Place for a Business Conference" (2010 Best of Des Moines/Business Record.)

Education Sessions

- Choose from double the number of powerful, relevant educational breakout sessions previously offered!
- Benefit from 18 Meet-the-Experts presenters sharing insights and practical tips in a round-table format.

Hotel Information

Blocks of area hotel rooms have been set aside for members through IASB. Click the "Lodging" button at the top of the page for more details.

Exhibitors

More than 160 exhibitors will showcase goods and services used by schools, from architects, to buses, supplies, lighting, flooring, furniture and more, along with many educational agencies and nonprofits organizations. All 2010 vendors are now listed on our web site Marketplace through the end of the school year. Click the "Exhibitor" button on the left side of this page for more information.
Tony Wagner has been co-director of the Change Leadership Group at the Harvard Graduate School of Education since its inception in 2000. An initiative of the Bill and Melinda Gates Foundation, the CLG is an "R&D" center that helps teams to be effective change leaders in schools and districts.

He is also the author of the provocative and inspiring book, The Global Achievement Gap: Why Even Our Best Schools Don't Teach The New Survival Skills Our Children Need - and What We Can Do About It. In the book, which has been called "an education manifesto for the 21st century" and "essential reading for parents, educators, policymakers, business leaders, and anyone interested in seeing our young people succeed." Wagner lays out a bold new plan to teach and test the competencies that matter most for the 21st century - and to motivate the "next" generation to excellence as employees and citizens. In his keynote address, he will discuss "The Seven Survival Skills for Careers, College & Citizenship in the 21st Century."

Tony also consults widely to schools, districts, and foundations around the country and internationally. His previous work experience includes twelve years as a high school teacher, K-8 principal, university professor in teacher education, and founding executive director of Educators for Social Responsibility. Tony earned an M.A.T. and an Ed.D. at the Harvard University Graduate School of Education.

David Zach
Thursday, November 18, 4:10 p.m., Second General Session Keynote

Professionally trained futurist David Zach is no stranger to education. He's been on a school board, a school management council and taught for four semesters at UW-Milwaukee in the School of Education. His thought-provoking and entertaining keynote addresses some unusual questions that Zach can tie to the future of schools: Do we really want a future when major appliances can argue with us? Will the coming automation of health care lead to the automation of caring? How can teenagers pay attention to ten things at once and still be bored?

Zach will explore how both trends and traditions affect education. He’ll put the modern world into a workable perspective for learning; he’ll blend the funny with the profound in a surprisingly down-to-earth presentation to help you decide what really matters. You’ll rethink the balance between change and continuity—and the need to hold on to that which shouldn't change.

Mixed in with all of this, he’ll have you consider such notions as hope, trust, community, the value of work and why dragons really do exist and why we must (re)learn to defeat them. He'll leave you feeling thoughtfully quiet or engaged in some of the best conversations you've ever had at a meeting.
IASB Annual Meeting/Delegate Assembly

November 17, 2010 - 1 p.m. until adjournment
Hy-Vee Hall, 730 3rd Street, Des Moines

Every school district’s voice should be heard at the IASB annual Delegate Assembly! By participating in the Delegate Assembly’s debate process, each school district contributes to IASB’s legislative program and ultimately the unified legislative interests of all Iowa School boards. Also, the session starts off with the association’s annual meeting. Nominations for seats on the IASB Board of Directors will occur at caucuses held during the Wednesday afternoon break. IASB by-laws allows each member school district a delegate who casts the district’s vote(s) on issues before the Delegate Assembly.

Register your delegate and any guests by clicking here. A buffet lunch is served before the session starts from 11:30 a.m. - 1:00 p.m.

School Finance Boot Camp

November 17, 2010 (Pre-Convention)
Hy-Vee Hall, 730 - 3rd Street, Des Moines
9:00 - 11:30 a.m.

In response to member requests, this year two levels of School Finance Boot Camp are offered! Select the best choice for you.

School Finance 101 - Basic

This session provides an introduction and overview of basic school finance concepts and terminology. It introduces budgeting and funding components board members need to know, including the basics of the Iowa school foundation formula. Understand how schools are funded and spending is equalized, where the money comes from and where it can be spent. Facilitator: Dr. Craig Hansel, Chief Financial Officer and Board Secretary, Ankeny Community School District.

Continental breakfast and buffet lunch included.
Cost: Members - $85; Non-members - $128

School Finance 201 - Intermediate

This session reviews and expands your knowledge of the school finance formula’s key components for effectively monitoring your school district’s financial position. Meet the challenges your district may face when you can integrate critical elements and measures. Get a firm grasp on authorized budgets, unspent balances, and trends using real-world data. Facilitator: Galen Howsare, Vice President of Administration and Finance, Hawkeye Community College.

Continental breakfast and buffet lunch included.
Cost: Members - $85; Non-members - $128

Register by linking here for the Pre-Convention/Convention form. Pre-registration deadline is November 9 (at noon). Cancellations after November 9 and no-shows will be charge a $25 fee.

BUSINESS ASSOCIATE AGREEMENT

This Agreement is made effective the 1st of June, 2010, by and between Independence Community School District, hereinafter referred to as “Covered Entity”, and Timberline Billing Service LLC, hereinafter referred to as “Business Associate”, (individually, a “Party” and collectively, the "Parties").

WITNESSETH:

WHEREAS, the federal Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191) as amended by Subtitle D of the Health Information Technology for Economic and Clinical Health Act, Title XIII of Division A and Title IV of Division B of the American Recovery and Reinvestment Act of 2009 (Public Law 111-5), protects the exchange of health information, and Sections 261 through 264 of the Health Insurance Portability and Accountability Act of 1996, known as “the Administrative Simplification provisions,” direct the Department of Health and Human Services to develop standards to protect the security, confidentiality and integrity of health information; and

WHEREAS, pursuant to the Administrative Simplification provisions, the Secretary of Health and Human Services has issued regulations modifying 45 CFR Parts 160 and 164 (the “HIPAA Security and Privacy Rule”); and

WHEREAS, the Parties wish to enter into or have entered into an arrangement whereby Business Associate will provide certain services to Covered Entity, and, pursuant to such arrangement, Business Associate may be considered a “business associate” of Covered Entity as defined in the HIPAA Security and Privacy Rule (the agreement evidencing such arrangement is entitled Service Agreement and is hereby referred to as the “Arrangement Agreement”); and

WHEREAS, Business Associate may have access to Protected Health Information (as defined below) in fulfilling its responsibilities under such arrangement;

THEREFORE, in consideration of the Parties’ continuing obligations under the Arrangement Agreement, compliance with the HIPAA Security and Privacy Rule, and for other good and valuable consideration, the Parties agree to the provisions of this Agreement in order to address the requirements of the HIPAA Security and Privacy Rule and to protect the interests of both Parties.

I. DEFINITIONS

Except as otherwise defined herein, any and all capitalized terms in this Section shall have the definitions set forth in the HIPAA Security and Privacy Rule. In the event of an inconsistency between the provisions of this Agreement and mandatory provisions of the HIPAA Security and Privacy Rule, as amended, the HIPAA Security and Privacy Rule shall control. Where provisions of this Agreement are different than those mandated in the HIPAA Security and Privacy Rule, but are nonetheless permitted by the HIPAA Security and Privacy Rule, the provisions of this Agreement shall control.

The term "Protected Health Information” means individually identifiable health information including, without limitation, all information, data, documentation, and materials, including without limitation, demographic, medical and financial information, that relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual; and that identifies the individual or with respect to which there
is a reasonable basis to believe the information can be used to identify the individual. “Protected Health Information” includes without limitation “Electronic Protected Health Information” as defined below.

The term "Electronic Protected Health Information" means Protected Health Information which is transmitted by Electronic Media (as defined in the HIPAA Security and Privacy Rule) or maintained in Electronic Media.

Business Associate acknowledges and agrees that all Protected Health Information that is created or received by Covered Entity and disclosed or made available in any form, including paper record, oral communication, audio recording, and electronic display by Covered Entity or its operating units to Business Associate or is created or received by Business Associate on Covered Entity’s behalf shall be subject to this Agreement.

II. CONFIDENTIALITY AND SECURITY REQUIREMENTS

(a) Business Associate agrees:

(i) to use or disclose any Protected Health Information solely: (1) for meeting its obligations as set forth in any agreements between the Parties evidencing their business relationship, or (2) as required by applicable law, rule or regulation, or by accrediting or credentialing organization to whom Covered Entity is required to disclose such information or as otherwise permitted under this Agreement, the Arrangement Agreement (if consistent with this Agreement and the HIPAA Security and Privacy Rule), or the HIPAA Security and Privacy Rule, and (3) as would be permitted by the HIPAA Security and Privacy Rule if such use or disclosure were made by Covered Entity;

(ii) at termination of this Agreement, the Arrangement Agreement (or any similar documentation of the business relationship of the Parties), or upon request of Covered Entity, whichever occurs first, if feasible, Business Associate will return or destroy all Protected Health Information received from or created or received by Business Associate on behalf of Covered Entity that Business Associate still maintains in any form and retain no copies of such information, or if such return or destruction is not feasible, Business Associate will extend the protections of this Agreement to the information and limit further uses and disclosures to those purposes that make the return or destruction of the information not feasible; and

(iii) to ensure that its agents, including a subcontractor, to whom it provides Protected Health Information received from or created by Business Associate on behalf of Covered Entity, agrees to the same restrictions and conditions that apply to Business Associate with respect to such information, and agrees to implement reasonable and appropriate safeguards to protect any of such information which is Electronic Protected Health Information. In addition, Business Associate agrees to take reasonable steps to ensure that its employees’ actions or omissions do not cause Business Associate to breach the terms of this Agreement.

(b) Notwithstanding the prohibitions set forth in this Agreement, Business Associate may use and disclose Protected Health Information as follows:

(i) if necessary, for the proper management and administration of Business Associate or to carry out the legal responsibilities of Business Associate, provided that as to any such disclosure, the following requirements are met:

(A) the disclosure is required by law; or

(B) Business Associate obtains reasonable assurances from the person to whom the information is disclosed that it will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the person, and the person notifies Business Associate of any instances of which it is aware in which the confidentiality of the information has been breached;

(ii) for data aggregation services, if to be provided by Business Associate for the health care operations of Covered Entity pursuant to any agreements between the Parties.
evidencing their business relationship. For purposes of this Agreement, data aggregation services means the combining of Protected Health Information by Business Associate with the protected health information received by Business Associate in its capacity as a business associate of another covered entity, to permit data analyses that relate to the health care operations of the respective covered entities.

(c) Business Associate will implement appropriate safeguards to prevent use or disclosure of Protected Health Information other than as permitted in this Agreement. Business Associate will implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of any Electronic Protected Health Information that it creates, receives, maintains, or transmits on behalf of Covered Entity as required by the HIPAA Security and Privacy Rule. Business Associate will ensure that any agent, including a sub-contractor, to whom the Business Associate provides such information, agrees to implement reasonable and appropriate safeguards to protect the data, and agree to the same restrictions and conditions that apply to Business Associate with respect to such information.

(d) The Secretary of Health and Human Services shall have the right to audit Business Associate’s records and practices related to use and disclosure of Protected Health Information to ensure Covered Entity’s compliance with the terms of the HIPAA Security and Privacy Rule.

(e) Business Associate shall report to Covered Entity any use or disclosure of Protected Health Information which is not in compliance with the terms of this Agreement of which it becomes aware. Business Associate shall report to Covered Entity any Security Incident of which it becomes aware. For purposes of this Agreement, “Security Incident” means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of information or interference with system operations in an information system. In addition, Business Associate agrees to mitigate, to the extent practicable, any harmful effect that is known to Business Associate of a use or disclosure of Protected Health Information by Business Associate in violation of the requirements of this Agreement.

III. AVAILABILITY OF PHI

Business Associate agrees to make available Protected Health Information to the extent and in the manner required by Section 164.524 of the HIPAA Security and Privacy Rule. Business Associate agrees to make Protected Health Information available for amendment and incorporate any amendments to Protected Health Information in accordance with the requirements of Section 164.526 of the HIPAA Security and Privacy Rule. In addition, Business Associate agrees to make Protected Health Information available for purposes of accounting of disclosures, as required by Section 164.528 of the HIPAA Security and Privacy Rule.

IV. TERMINATION

Notwithstanding anything in this Agreement to the contrary, Covered Entity shall have the right to terminate this Agreement and the Arrangement Agreement immediately if Covered Entity determines that Business Associate has violated any material term of this Agreement. If Covered Entity reasonably believes that Business Associate will violate a material term of this Agreement and, where practicable, Covered Entity gives written notice to Business Associate of such belief within a reasonable time after forming such belief, and Business Associate fails to provide adequate written assurances to Covered Entity that it will not breach the cited term of this Agreement within a reasonable period of time given the specific circumstances, but in any event, before the threatened breach is to occur, then Covered Entity shall have the right to terminate this Agreement and the Arrangement Agreement immediately.
V. MISCELLANEOUS

Except as expressly stated herein or the HIPAA Security and Privacy Rule, the parties to this Agreement do not intend to create any rights in any third parties. The obligations of Business Associate under this Section shall survive the expiration, termination, or cancellation of this Agreement, the Arrangement Agreement and/or the business relationship of the parties, and shall continue to bind Business Associate, its agents, employees, contractors, successors, and assigns as set forth herein.

This Agreement may be amended or modified only in a writing signed by the Parties. No Party may assign its respective rights and obligations under this Agreement without the prior written consent of the other Party. None of the provisions of this Agreement are intended to create, nor will they be deemed to create any relationship between the Parties other than that of independent parties contracting with each other solely for the purposes of effecting the provisions of this Agreement and any other agreements between the Parties evidencing their business relationship. This Agreement will be governed by the laws of the State of Iowa. No change, waiver or discharge of any liability or obligation hereunder on any one or more occasions shall be deemed a waiver of performance of any continuing or other obligation, or shall prohibit enforcement of any obligation, on any other occasion.

The parties agree that, in the event that any documentation of the arrangement pursuant to which Business Associate provides services to Covered Entity contains provisions relating to the use or disclosure of Protected Health Information which are more restrictive than the provisions of this Agreement, the provisions of the more restrictive documentation will control. The provisions of this Agreement are intended to establish the minimum requirements regarding Business Associate’s use and disclosure of Protected Health Information.

In the event that any provision of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the remainder of the provisions of this Agreement will remain in full force and effect. In addition, in the event a party believes in good faith that any provision of this Agreement fails to comply with the then-current requirements of the HIPAA Security and Privacy Rule, such party shall notify the other party in writing. For a period of up to thirty days, the parties shall address in good faith such concern and amend the terms of this Agreement, if necessary to bring it into compliance. If, after such thirty-day period, the Agreement fails to comply with the HIPAA Security and Privacy Rule, then either party has the right to terminate upon written notice to the other party.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the day and year written above.
